

Gun & Tool *Arme et un Outil* **STUFFF**™

PREMIUM CLEANER, LUBRICANT & PROTECTANT

Gun & Tool STUFFF™ - For Guns

is engineered to clean, lubricate and protect in an all in one formulation. Gun & Tool STUFFF™ was developed to fill a need for a safe and superior cleaning and lubricating oil for the firearms industry. Gun & Tool STUFFF™ is made from all natural canola oil feedstock and contains no petroleum based ingredients at all making it completely NON-TOXIC. Gun & Tool STUFFF™ is SAFE to you and provides superior performance as a cleaner and lubricant for your valuable firearms. Gun & Tool STUFFF™ is recommended on all guns including priceless antiques and modern semi-automatics. Gun & Tool STUFFF™ has very little odour and cleans up with soap and water.

For Tools

Gun & Tool STUFFF™ helps your tools last longer and makes them as easy to use as they were the day they were new. Gun & Tool STUFFF™ lubricates, cleans and maintains your valuable hand and air tools. Tool STUFFF™ combines extreme lubricity and extreme solvency. Together they make the best tool oil on the market. Use it in your air tools or set your hand tools in it over night to allow full penetration of the oil. Apply lightly to a rag and wipe your tools to keep them clean and looking new for many years. Clean tools are safe tools; regular cleaning helps prevent slips and sliding that often results in scraped or cut hands.

Safety

Gun & Tool STUFFF™ improves reliability and longevity. Clean, properly lubricated equipment doesn't malfunction making them safer and more efficient to use. Safer, more efficient equipment makes you more professional at what you do.

Corrosion Prevention

Gun & Tool STUFFF™ also provides long lasting corrosion protection on treated metal surfaces.

Low Odour

Gun & Tool STUFFF™ offers very low odour properties making it easier to work with than many other products on the market.
