

Shop STUFFF™

PREMIUM PENETRATING & LUBRICATING OIL

Shop STUFFF™

Is a high performance penetrating oil, extreme lubricant & moisture dispersant. Environmentally friendly products don't usually get labeled "High Performance" but Shop STUFFF™ is just that. It's extreme lubricity makes this one of the best lubricants on the market, even more lubris than most Synthetics . Shop STUFFF™ is derived from a vegetable oil base stock and formulated with no petroleum ingredients in order to produce a product that does NOT contain the typical carcinogens that other petroleum based lubricants do. If you are typically covered from finger tips to elbows in shop fluids all day why not make it a fluid that is as safe as the salad you eat at dinner.

The Vegy Advantage!

Vegetable oil especially Canola oil has superior lubricity, it's better at being slippery than petroleum oils, which has no lubricity when it comes out of the ground. It gets its oily characteristics from chemical additives. The veggie alternative has other benefits too.

It's biodegradable, environmentally friendly, non-toxic, completely renewable and it has a very high flashpoint making it virtually non-flammable in its liquid state. Muffler shops love it because they can throw the torch on nuts and bolts that have Shop STUFFF™ on them and they don't get a big flare up like they do from petroleum base products.

Shop STUFFF™ for Cleaning

When used as a cleaning agent Shop STUFFF™ is effective at removing rust, grease, water, other oils, dirt and most contaminants. Shop STUFFF™ is a superior solvent making it a truly multi-purpose lubricant.

Corrosion Prevention

Shop STUFFF™ also provide long lasting corrosion protection on untreated metal surfaces.

Low Odour

Shop STUFFF™ with its slight citrus aroma makes it much nicer to work with than many other products on the market.

Suggested uses:

- Rusty Bearings & Bushings,
- Sticky, hard to loosen nuts and bolts,
- Augers, Balers,
- Battery Terminals,
- Bin Slides,
- Stiff and seized Blades/Cutters,
- Automotive Door Hinges,
- Carts,
- Conveyers,
- Cultivators,
- Electrical Connections,
- Fertilizer Spreaders,
- Gate Locks,
- Gears,
- Hedge Trimmers & Clippers,
- Welds,
- Winches,
- All hinges and levers,
- Seized engines,
- Seized drive line components,
- Removes glue from most surfaces,
- Hoists,
- Hose Reels,
- Chippers,
- Shredders,
- Irrigation Fittings & Equipment,
- Lawnmower Decks,
- Locks,
- Nursery Applications,
- Preservation of Equipment Stored Outside,
- Pruning Shears & Saws,
- Saw Slides,
- Squeaky Leaf Springs,
- Spreaders,
- Tailgates,
- Three Point Hitches,
- Tractor levers,
- Seized or sticky Cables & Shift Levers,
- Tools,
- Tractors Trailer balls & Hitches,
- Truck Beds (Before liner is installed),
- Cleans BBQ's,
- Removes brake dust and road grime from wheels, Graffiti & Paint remover.
