

Shop STUFFF is made from a renewable base stock of waste cooking oil. It is a powerful, non-toxic, penetrating oil that has minimal impact on human health and ecosystems.

Ideal for workers regularly using harsh chemical penetrants; and for sensitive environments (home, forestry, construction, agriculture, green space civil works, etc.)

## economic benefits

- Extends equipment life
- Minimal amount required
- Minimal evaporation
- Less storage & maintenance costs
- Reduced spill cleanup fees
- Reduced safety costs

## health & safety benefits

- Cleans up work environments
- Minimal mist & emissions
- Non-flammable
- No harsh chemicals
- Non-toxic
- Minimal odor

## environmental benefits

- Made from renewable resources
- Environmentally friendly
- Non-polluting
- Readily biodegradable

# STUFFF<sup>TM</sup>

## LUBRICANTS

AN ECO-FRIENDLY LINE OF PRODUCTS

**CHOOSE TO USE SAFE PRODUCTS**  
 non-toxic • readily biodegradable

## PENETRATES & CLEANS

QUICKLY CREEPS INTO TIGHT SPOTS AND CUTS THROUGH RUST

Shop STUFFF is a powerful penetrating oil that creeps into hard to reach areas and dissolves rust, adhesives, resins, grease, grime, etc. to quickly free stuck pieces and parts. *Great for tough jobs. Not only does it loosen nuts, bolts, latches, clamps and other metals (without the need for extreme muscle...or a torch), it removes glues, tar, crayon, etc..*

## LUBRICATES

KEEPS SURFACES CLEAN, MOVING FREELY AND RELIABLE

Shop STUFFF is a superior lubricant that coats surfaces to reduce friction and heat, and prevent wear. It stays put without evaporating quickly, gumming up, hardening or attracting dirt. *Great for stopping squeaks, protecting metals from wear, and for keeping locks, hinges, conveyors, chains, rails, etc. clean and working properly.*

## A MUST FOR YOUR TOOLBOX

**Powerful Penetrant**  
**Extreme Lubricant**  
**Tough Protectant**

- Multi-purpose
- Quickly stops squeaks
- Restores shop & yard tools
- Frees stuck hinges & locks
- Safe for home/yard use
- Natural oil base
- No harsh chemicals
- Mild citrus scent
- Easy soap & water cleanup

## PROTECTS

GUARDS SURFACES AGAINST WEAR, RUST AND CORROSION

Shop STUFFF bonds to metals and many other surfaces. It drives out moisture and leaves a protective film that preserves surfaces and prevents them from rusting and corroding. *Great for bringing metals back to life, stopping rust spots from getting worse, and for protecting parts and equipment stored outdoors.*
